Career Summary: Multidisciplinary illustrator

Creative professional with a proven ability to maintain multiple responsibilities within a studio environment to benefit all stages of the production pipeline. Detail-oriented self-starter with a strong desire to contribute to the artistic development of a variety of media, from broadcast to animation to print.

Education: BFA Illustration, Rhode Island School of Design, Providence, RI, 2003-2007

Professional History: Click 3X, New York, NY, February 2009 - Present

Junior Designer

Walsh Family Media, Brooklyn, NY, April 2008 - October 2008

Work-for-hire Illustrator

- Collaborated closely with 3D animators to quickly storyboard additional scenes for specific shots.
- Communicated with 3D modelers to ensure accurate translation of visual assets into finished models.
- Conceptualized, storyboarded, and animated a 2D sequence on a promotional movie for Club Kid'doo, a children's recreation area in New Jersey.
- Contributed to additional projects for Club Kid'doo: image correction for high resolution character stills, coloring online avatar accessories, and conceptualizing environments and props.

Motherland, New York, NY, March 2008 - May 2008

Production artist intern for "The Dark Knight" animated content on Nokia cell phones.

- Modified existing artwork for creating cutout-style animation.
- Created promotional studio DVD to be sent out to select clients.
- Delivered contracts and hard copies of final animation to clients.

Cox Communications, "Messenger" character design, 2007

- Developed ideas for a character whose purpose is delivering digital content.

Milky Elephant, Brooklyn, NY, 2007

- Developed ideas for a series of flash games for an online community web site.

"Planadviser" Magazine, Art Director: SooJin Buzelli, Stamford, CT, 2007

- Published an editorial illustration for "Hot Off the Presses" column.

Programs:

- Photoshop, After Effects, Illustrator, InDesign, Final Cut Pro, Premiere, Dreamweaver, Maya.
- Macintosh and PC proficient

Skills: Illustration:

- Strong drawing ability and understanding of composition and color.
- Strong understanding of character development and design principles.

Animation:

- Proficient in 2D After Effects animation.

Web:

- Able to code using XHTML, CSS and basic JavaScript.
